How to make your anchor craft:

1. Color and cut out the anchor.
2. Color and cut the strips on the next page.
3. Insert one of the strips through the top circle of the anchor.
4. Tape, glue, or staple the ends of that strip to make a loop.
5. Insert a second strip of paper through the first loop that you made. Then, repeat steps 4-5 until you have used all the chain links.
